The Headteacher must withdraw if his or her pay or performance is being discussed. Any governor or associate member must withdraw where there may be a conflict of interests with items declared on the 'Register of Business Interests' form.

## **Matters of Urgency**

These may be dealt with by the Chair of Governors, Chair of the Committee and Headteacher and reported to the next meeting of the Committee or Full Governing Board.

## **Delegation**

Governing boards may use their powers to delegate functions and decisions to committees or individual governors. It is the overall Governing Board, however, that in all cases remains accountable in law and to Ofsted for the exercise of its functions. (Governors' Handbook, September 2014.)

## **The Governing Board responsibilities for finance and resources including staff.**

The Governing Board has responsibility for 'overseeing the financial performance of the school and making sure its money is well spent' (Governors' Handbook, September 2014). Governing Boards are responsible for making sure their school's money is well spent. They should do this by making sure they have at least one governor with specific skills and experience of financial matters, and by asking questions such as:

- Are we allocating our resources in line with our strategic priorities?
- Are we making full use of all our assets and efficient use of all our financial resources?
- Are other schools buying things cheaper or getting better results with less spending per student?
- How can we get better value for money from our budget?
- Do we have the right staff and the right development and reward arrangements?
- Is this a happy school with a positive learning culture? What is our track record on attendance, behaviour and bullying? Are safeguarding procedures securely in place? What are we doing to address any current issues, and how we will know if it is working?
- What is the school's approach to implementation of pay reform and performance related pay? If appropriate, is it compliant with the most up to date version of the School Teachers' Pay and Conditions Document?

Many governors may not be familiar with looking at and understanding data. There is a large volume of data available. It is essential that every Governing Board have at least one governor with the skills to understand and interpret the full detail of the financial data available. These governors should make sure that the wider governing body has a correct understanding of the school's finances. They should identify from the data the issues that most need to be discussed. Other governors should learn from them and undertake any available training opportunities to improve their confidence and skills in looking at data.

The Governing Board recognises that it is accountable for the way in which resources are used and it is committed to carrying out this responsibility honestly, transparently and with integrity. The committee has delegated responsibility from the Governing Board to fulfil the responsibilities of the Governing Board as specifically itemised below. The committee will operate in accordance with the provisions of the Schools Financial Value Standard (SFVS) to maintain effective arrangements for the efficient deployment of school resources.

## **Best Value**

The Governing Board will ensure the principles of Best Value are followed when making decisions. The principles of best value are:

- Challenge – why, how and by whom an activity is carried out;
- Compare – performance against other schools and between parts of each school;
- Consult – involving stakeholders, especially pupils and parents;
- Compete – as a means of securing efficient and effective services.

## **Levels of Delegation - Decision or Recommendation**

D = **decision** to be taken by the committee and reported to the Full Governing Board in the minutes.

R = the committee to make a **recommendation** to the Full Governing Board, who will make the decision.
